

Department Overview

The Public Works Department is responsible for the daily operation of residential sanitation services, commercial sanitation services, right-of-way street maintenance, facilities maintenance, and water/sewer services for the City of Remerton.

For our local business owners, we provide the most competitive and best rates available for commercial dumpsters. With two employees, the staff of the Public Works Department continues to search for innovative ways to do business and provide an outstanding quality of life for the citizens of Remerton.
